Bouddi National Park

Little Beach

Little Beach, Bouddi National Park, is a small 100m-long stretch of sand and rocks, facing out to the Tasman Sea and South Pacific Ocean. The beach is backed by a gully and sided by steep rocky headlands. The beach has a south easterly aspect and has its own campsite.

Little Beach Campsite

Little Beach campsite is a small grassed area, wedged between the hills and set back from the beach. The campsite has six designated sites, a composting toilet, rubbish bins, Gas BBQ's and a shelter. There is no drinking water onsite and the beach is only 20m away.

Bouddi Lookout

Bouddi Lookout, Bouddi National Park, is a great first look at the Bouddi Coast as you come out of the bush on Bouddi Spur. There are views of the Pacific Ocean crashing into the heath covered headlands in front of the lookout. Not as grand a view as other lookouts in the area, but worth a pause on your way to the Bouddi Coast Track.

S.S. Maitland Shipwreck

The S.S. Maitland was a paddle steamer brought to Australia from Glasgow, Scotland, to transport people and cargo between the Hunter and the Hawkesbury Rivers. There was no rail line from Newcastle to Sydney in the 1800's. The Maitland was on its route out of the Barrenjoey Headlands when it was overwhelmed by the aptly-named 'Maitland Gale'. The storm which wrecked the Maitland also took numerous other ships on May 6, 1898. Of the 36 passengers aboard the Maitland, 24 lost their lives. Many of the survivors were commended for their heroism. Wreckage of the Maitland can still be seen today, with parts of the boiler and a section of the iron hull strewn across the rock flats of the point. The bay was previously known as Boat Harbour, then renamed Maitland Bay after the disaster in 1898. [More info.](#)

Maitland Beach

Maitland Beach, Bouddi National Park, is a 500m-long sandy beach sitting north west of Putty Beach. The beach's south-westerly aspect provides views over the South Pacific Ocean to Barrenjoey and Avalon headlands at the mouth of the Hawkesbury River. A creek breaks the centre of the beach, and the wreck of S.S. Maitland (after which the beach and bay are named) is found on the eastern rock point.

Before You walk

Bushwalking is fun and a wonderful way to enjoy our natural places. Sometimes things go bad, with a bit of planning you can increase your chance of having an enjoyable and safer walk. Before setting off on your walk check

- 1) Weather Forecast ([BOM Hunter District](#))
- 2) Fire Dangers ([Greater Sydney Region](#))
- 3) Park Alerts ([Bouddi National Park](#))
- 4) Research the walk to check your party has the skills, fitness and equipment required
- 5) Agree to stay as a group and not leave anyone to walk solo

Think before you TREK

The 'Think before you TREK' program developed by NSW Police & NPWS promotes the benefits of planning ahead for your bushwalking trip by using an easy to remember acronym:

- T** Take adequate supplies of food, water, navigation and first aid equipment.
- R** Register your planned route and tell friends and family when you expect to return.
- E** Emergency beacon (PLB's) should be carried on walks with significant gaps in mobile coverage (check terrain profile).
- K** Keep to your planned route and follow the map and walking trails.
